## 2 new gloves

**The Glove Corp**

800-346-4253 [www.glovecorp.com](http://www.glovecorp.com)

- A structural NFPA 1971-2007 certified Fire Fighting glove with breathable Sentinel vapor barrier
- True 3 dimensional pre curve design US made
- Excellent dexterity and flexibility
- 5 layers of protection on back
- Exceeds NFPA TPP requirement by nearly double
- Tough goatskin knuckle and forchettes with Supersoft palm

- Certified Structural Fire Fighting & Extrication Glove
- Tough PBI silicone coated Kevlar palm and knuckle
- Digital goatskin finger tips and padded palm
- Skeletal design palm protection gives more cover than any other extrication glove without limiting dexterity or flexibility
- Sentinel breathable viral penetration barrier
- Scotch 3M reflective strip
